

Please support our Brownfield Food Grains Campaign!

Our annual campaign to raise funds to support our Brownfield project starts has commenced and will run through November. We praise God for our faithful Brownfield farmers and our partnership with them to assist in growing and harvesting grain for world food relief. We help pay for expenses incurred for the project. The grain harvested is sold and the proceeds are used to meet world hunger needs through the Canadian Food Grains Bank, a Christian relief agency. Through a 4 to 1 matching by the Canadian government, together we provide up to half-a-million dollars annually through this amazing partnership.

Here's how you can DONATE. Use any of the methods listed on the LPBC website (www.lpbc.ca) under the DONATE tab and give using your current method of donating but please indicate clearly on your envelope or in the comments (if using e-Transfer or Canada Helps) the phrase "Brownfield Project." If you are not able to access the website, you can designate an amount in your regular givings or you can send a cheque to Lorne Park Baptist Church, 1500 Indian Road, Mississauga, ON L5H 1S7

Thank you to our Lorne Park family for your continuing faithful support for our campaign! Your donations are especially needed as the world-wide pandemic continues to foster acute food needs. This is a vital way we can respond to Christ's call to love our neighbour as ourselves.

If you have any questions about the Brownfield campaign, please speak to Don Hallman (905-820-1981),
